

Notice of changes:

We are excited to share that we have been granted an exemption from Health Canada to offer drug checking as a mobile service! **Effective November 3**, drug checking will be available at select stops on the Health Outreach Mobile Engagement (HOME) truck route.

We know it has been a long wait since September 30 when drug checking was last available, and we are grateful for your patience while we work with community partners to make the best possible transition plan for this important service.
